

# HAITI UPDATE: February 13, 2017

Folks, greetings in our Savior's blessed name. Here are the latest pictures from the newly rebuild Rousseau church building. It will be totally finished by the 28th of February. The original building was totally destroyed, not one stone was left on the other. The building was simply gone. Now, only 3 months later the good Christians at Rousseau are about to move in. God be praised! The greatest news is that the construction was done by a reputable construction firm at the price of under \$20,000! Rousseau has many members and many, many helped with the construction.

We all thank you for your generous support, making this possible. Several other church buildings will be fully restored. Some only need their roofs replaced. We also keep on feeding needy people as long as the funds are available. We will probably run out of money in about 4 months. By then we hope the big organizations will help out.

I am amazed how much has been accomplished and I am fully aware it is because we had the funds to act quickly, effectively and caringly in great part because of you all. Thank you again. For me this is a personal victory in the Lord. He has been and He is faithful. Psalm 25:1-7 comes to my mind.

I will soon send more pictures.

God bless you,  
Joe Worndle
