"The Christian's first duty is in the home. Fathers and mothers, yours is a great responsibility. You are preparing your children for life or for death; you are training them for an abiding place here in the earth, for self-gratification in this life, or for the immortal life, to praise God forever. And which shall it be? It should be the burden of your life to have every child that God has committed to your trust receive the divine mold" — The Signs of the Times, January 14, 1886.
